Do you want me to add the "overweight" to "oversize" change also, so you only have one amendment to deal with?

I spoke with her. I can draft a simple amendment to address the concern. Should I proceed with that? I know the hearing is tomorrow. I can get you a rough draft today and have the final for your tomorrow. Aaron

Would you be able to talk with Carson Frazier about our bill and a possible cost saving amendment? She works until 4pm today.

Yes, it should be "oversize". I apologize for the error (slip of the mind, as mostly I do overweight provisions). It's a horse apiece as to how to proceed in the senate, since the assembly version is introduced. I can redraft the senate bill to correct my mistake (if you send the jacket back), or you can introduce the senate bill and I'll draft an amendment to it (in which case the assembly and senate versions will look exactly alike).

yes looks great, page 1 line 1 need to eliminate the phrase about creating new provision 348.26(4m). IT's a wrap, and thank you very very much Aaron!

Carson,

Attached is the amendment. Does this look okay to you?

If possible, can you let me know before you leave so I can get it into editing for tomorrow's hearing.
Thanks. Aaron
